## Model #: P104-000-R

### Computer Cable, AT Serial Gold Adapter DB9M to DB25F

#### Highlights

- Inexpensive alternative to buying new cables
- Converts a DB25 male serial port into a DB9 male port
- Fully shielded against EMI/RFI interference

#### Description

Tripp Lite's AT style serial adapter has gold plated connectors and will connect a serial device with a DB25 connection to a DB9 cable or port. Gold plated copper contacts provide maximum conductivity and keep data loss to a minimum. 28 AWG stranded tinned copper conductors are individually insulated in polypropylene. This minimizes cross talk and ensures high-speed, error-free transmission. Tripp Lite warrants this product to be free from defects in materials and workmanship for life. Clamshell retail package.

#### System Requirements

- DB25M serial port on a PC

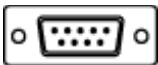

#### Package Includes

- AT Serial Adapter Block DB9M to DB25F Gold Connectors

#### Features

- Connects a DB25 serial device to a DB9 cable or port
- Gold plated contacts and connectors for superior conductivity
- Tripp Lite warrants this product to be free from defects in materials and workmanship for life

#### Specifications

UPC Codes	
Unit Carton UPC#	037332014887
CONNECTIONS	
Connector A	 DB9 (MALE)
Connector B	 DB25 (FEMALE)
Number of Connectors	2
WARRANTY	
Product Warranty Period (Worldwide)	Lifetime limited warranty
